Empathy Map
Towards our project

What are the project's major risks in terms of time and costs?

Have I cast the right people for the project?

How can I keep track of the project's progress?

How will the project impact our friendship?

What are the most critical obstacles or constraints?

What happens if the project isn't successful?

What areas should the team focus on the most for this particular project?

What do they THINK AND FEEL?
What really counts
Major preoccupations
Worries & aspirations

What are the most important decisions that the team needs to make for this project?

	THARUN V
	THARUN P
	VENKATESH
	VISHNU VARDHAN

How Might Our Project Evolve over Time?

What do they HEAR?
What friends say
What boss say
What influence say

Are there any other topics to talk about?

Who Will Benefit From Your Project?

What technologies and tools can the team use to complete this project?

Do We Need Specific Information or Advice?

Will I be a burden to the team

I hope I don't hold back my teammates from their potential

What do they SEE?
Environment
Friends
What the market offers

What are the changes can we bring to the project

AI doesn't have to be evil to destroy humanity

It seems probable that once the machine thinking method had started, it would not take long to outstrip our feeble powers

What is the THOUGHTS ON AI

The coming era of Artificial Intelligence will not be the era of war, but be the era of deep compassion and non-violence

Some people worry that artificial intelligence will make us feel inferior

PAIN
Fears
Frustration
obstacles

GAIN
Wants/needs
Measures of success
obstacles

Sometimes I find that I'm lacking on something

Will I be criticized by my teammates for my inability

I can do better on some occations

Am I contributing enough for the team?

I should be able to blend in with my communication skills

I would be more confident from here on

I can make many projects in future without fear

I will use the skills I've gained only for good purposes
